## *List of Members from its inception in 1786*

*The following is a list of members of the Society from the date of its formal inception on 1 August 1786. From that date until 27 January 1886 it is based on a printed list prepared in connection with the centenary celebrations of that year. From 1886 onwards it is based directly on the minutes of meetings at which new members were duly proposed, seconded and admitted. Whilst every care has been taken in its composition its accuracy cannot be guaranteed. The following should be noted:*

- (i) *From 1786 until 1933 it was the custom to record the practice location of new members. Thereafter usage varied.*
- (ii) *First names and even initials are sometimes missing*
- (iii) *First names, particularly in the earlier period, are often abbreviated*
- (iv) *The Society's first woman member was Mrs GL Moore of Harrogate on 14 February 1947. Since then there has been little consistency in the way in which women's names have been recorded and the list in general reflects this inconsistency. Where it is clear from the minutes that a new member is a woman but first names are not recorded she is noted as 'Ms' unless she is otherwise recorded as 'Mrs' or 'Miss'*
- (v) *Sometimes the same names are repeated. This is generally an indication that the individual concerned has rejoined*
- (vi) *The names listed are those whose applications have been duly proposed and seconded and duly elected to membership.*
- (vi) *The names of members who have been President of the Society are marked in bold.*
- (vii) *Following a change in the Society's Memorandum and Articles in 2008 a new class of membership was established in favour of trainee solicitors. Such members are listed in italics with (T) after their names.*
